

Littorai

2019 Roman Vineyard Pinot Noir

History and Philosophy

Littorai Wines is a small, family-owned and operated winery producing vineyard designated Chardonnay and Pinot Noir from the true north coast of California: the coastal mountains of Sonoma and Mendocino Counties. Proprietors Heidi and Ted Lemon are lifelong Winemakers. Ted Lemon began his career at the age of 22 by working for four years in the heart of Burgundy and in 1982, was the first American hired to manage a property in Burgundy at Domaine Guy Roulot in Meursault. Where some see technology as the route to great wines, we see farming. We derive our sustainable farming techniques from the fertile cross currents of permaculture, agro-ecology and biodynamics. Our winery is situated on a 30 acre integrated biodynamic farm where we produce as many of the vineyard and farm needs on site as possible. Our Estate produced compost is our “fertilizer” of choice.

Expressed in acreage terms, beginning in 2017:

- 100% of Littorai’s vineyard sources is farmed using only organically certified materials
- 85% is farmed using biodynamic methods (all sites we own or lease and most others)
- 49% is estate production

The goal of winegrowing is to produce the finest wine, and that such wine should be a product of the vineyard, not the cellar.

Vineyard

Roman is a beautiful hilltop vineyard situated at 1150 feet elevation in the middle of Anderson Valley. It is northwest of the town of Philo. While it sits just above the fog line, the strong coastal winds have a great effect on this vineyard. The sandstone soils stress the vines and make for amazingly structured and perfumed wines.

Vintage Information

The crop in 2019 was moderately large and required some crop load reduction. Malic acid numbers were much lower in 2019 compared to the high malics of 2018. Final alcohols on the wines were slightly less than in 2018, with only a single bottled wine over 13%. While ethanol levels may not matter to some, our ambition is to produce complex, physiologically ripe wines at modest alcohol levels as this has health benefits and creates wines which are more suitable as accompaniment to fine foods. While the 2018 wines are structured and demand patience in the cellar, the 2019s are more floral, perfumed and delicate. This is not to say that they lack concentration or will not age and improve as much in the cellar as the 2018s. They are simply a different expression of Pinot Noir and are less tannic than the 2018s at a similar age.

Tasting Notes

Aromas of cranberry, Bing cherry, alpine strawberry, red apple, violets, flowers, jasmine, citrus and graphite married with medicinal tones. There is a lot of density and concentration here, even more than in the Hirsch bottling and it is tightly wound for now. This slow building wine saturates the palate and demands patience for what should be a very long and beautiful future. A team favorite at our tasting in December.

APPELLATION

Anderson Valley

SOILS

Boont loam over Sandstone

FARMING

Farmed using organic materials and biodynamic methods, not certified

VINE AGE

Planted in 1999

ACREAGE

1.8 acres total of Pinot Noir farmed by Littorai

YIELD

2.07 tons per acre in 2019

CLONES

Dijon 114 and 667 and a proprietary clone

WHOLE CLUSTER

50% in 2019

BARREL AGEING

16 months French Oak, 25% new

PRODUCTION

210 cases

ALCOHOL

12.4% abv
